PROFESSIONAL EXPERIENCE

Associate Front-End developer

CureMD | January 2024 - Present

- Collaborating with cross-functional teams to contribute to the development and enhancement of a healthcare application using React.js and other relevant technologies.
- Implementing and optimizing user interfaces for a seamless and intuitive user experience. Conducting code reviews and ensuring the integration of front-end components with the backend.

Web Developer

BrainsLogic | April 2022 - January 2024

- Collaborated with the design team to develop and maintain a responsive web application using React.js/Next.js and Bootstrap, Material-UI.
- Implemented new features and functionalities to enhance the user experience. Conducted regular code reviews and testing to ensure high-quality code. Handled confidential documents and maintained their proper organization
- Coordinated with backend developers to ensure seamless integration of frontend and backend components

Development Intern

NETSOL | September 2021- February 2022

- Assisted with the development of a web application using Bootstrap. Worked with the design team to ensure a visually appealing and responsive user interface.
- Conducted testing and debugging to ensure a smooth user experience.
